How-to:

Note: Because I was making several different cards, I began by cutting a 12" x 3½" piece of Perfectly Penciled DSP (the pattern with the dots on the reverse) and colored the whole thing with the markers noted above and applied Wink of Stella.

1. Using temporary (removable) adhesive, affix front and back of card, then affix card to Grid Paper, aligning to grid lines.
2. Adhere "decorative outline" mask over card front using low-tack tape at corners. Apply Pear Pizzazz ink over mask using Blending Brush. Remove mask and wipe clean with baby wipe or damp paper towel.
3. Flat adhere Basic Black panel to card front.
4. Cut 4" from 12" x 3½" piece of hand-colored DSP and die cut two <u>Designer Tags</u>; flat adhere to black panel as shown.
5. On Petal Pink scrap, stamp <u>Sentiment</u> in VersaMark ink. Heat emboss with black powder. Trim and affix to card front with Stampin' Dimensionals.
