- Stamps:** Ringed with Nature* (Mini 62) house, roof
Nature's Prints* (AC 91) fern
- Ink/Color:** Old Olive, Smoky Slate, Basic Gray, Cherry Cobbler
- Paper:** Thick Basic White portrait card base
scrap Shimmery White for center circle
scrap Pear Pizzazz for wreath
scraps Basic White for house elements
- Other:** Layering Circles dies (AC 172)
Timeworn Type 3D embossing folder (AC 177)
Natural Prints dies (AC 165)

How-to:

1. From Shimmery White scrap, die cut Circle (about 2½" in diameter, or to fit behind wreath) and pressure emboss with Timeworn Type folder. Flat adhere to card front.
2. From Pear Pizzazz scrap, die cut Wreath. On wreath, randomly stamp Fern in Old Olive ink. Flat adhere wreath to card front, overlapping embossed circle.

Note: You can make the house as simple or complex as you want! This is how I did it on the card pictured above. Use a foam mat under card stock for best images.

3. On Basic White scrap, stamp House and Roof in Smoky Slate ink, **stamping off first**. Cut out three windows and door by hand and set aside. Clean stamps
4. On Basic White scrap, stamp Roof in Basic Gray ink. Cut out by hand — **do not cut off chimney**. Clean stamp.
5. On Basic White scrap, stamp House and Roof in Cherry Cobbler ink. Cut out house by hand, leaving a bit extra above the image. Cut chimney from roof image and save for next step.
6. Cut out roof by hand; flat adhere over house. If there is not enough stability between roof and house, use some regular scotch tape on the back to keep them together.
7. Flat adhere windows, door, and chimney to house. Adhere house to card front with Stampin' Dimensionals.
